Index Issue — June-December 1991

With this issue, Lawyers Weekly continues its practice of publishing a semi-annual index to the cases and news stories that have appeared in the paper. Due to a recent change in our case-numbering system, this index covers the last seven months of 1991 (rather than the customary six months).

The Index Issue is divided into three parts:

- **Case Name Index.** This index lists all court and agency decisions which were digested in Lawyers Weekly during the last seven months of 1991. The cases are indexed alphabetically under the court or agency which issued the ruling.

- **Case Subject Index.** This index also lists all decisions which were summarized in Lawyers Weekly during the last seven months of 1991. However, here the cases are listed by specific subject matter under more general subject categories.

- **News Story Index.** This index covers the news stories and features (except meeting notices and other dated material) which appeared in Lawyers Weekly during the last seven months of 1991. The stories and features are listed by title under the section of the paper in which they were originally published. Included in this section are newly enacted laws that were originally published under the

heading "Important Bills Signed." Also listed here are Trial Reports, which contain information about cases provided by attorneys involved.

All three parts of the semi-annual index contain references to the date of the issue in which the case or story appeared and cumulative page number (citation) on which the item appeared.

Space considerations make it impossible to include in this index all information contained in Lawyers Weekly during the last seven months. Therefore, it is hoped that readers will continue to consult the paper each week in order to remain fully informed.

What Courts Are Covered?

What Subjects Are Covered?

The Subject Matter Index in this issue contains a listing by topic of the court and administrative agencies covered by Lawyers Weekly.

Each case is listed under a major subject heading where appropriate.

The major subject matter headings are listed as follows:

Case Name Index

What Is A 'Lawyers Weekly No.'?

The Lawyers Weekly No. is a seven-digit number which our editors assign to each case we receive from Massachusetts courts and agencies.

- The first two digits of the Lawyers Weekly No. correspond to the court or agency which issued the decision. [For example, a Lawyers Weekly No. beginning "01" is from the U.S. Court of Appeals.]

- The middle three digits relate to the number of cases received from that court or agency in the relevant calendar year. [For example, a Lawyers Weekly No. beginning with the digits "01-372" refers to the 372nd case received that year from the U.S. Court of Appeals.]

- The last two digits are the year in which the case was issued. All cases in this index have a Lawyers Weekly No. ending with the numbers "91."

How To Use This Index

A SATISFIED JUDGMENT MEANS A SATISFIED CLIENT... AND A FEE FOR YOU

Some debtors are very clever at hiding their assets in obscure banks. They thumb their noses at even the most skillful collection effort.

Thanks to our unique computerized system

—a technique which is both legal and ethical—we have been locating debtor bank accounts everywhere in the USA since 1986. Here is one of our many success stories to prove it:

A New Hampshire lawyer recently hired us to help him collect a \$500,000 judgment. We gave him the debtor's bank within a month. Upon executing the judgment, he found over a half million dollars in the account, earning himself a \$100,000 fee and his client's heartfelt thanks.

How To Use This Index

Case Name Index

This index lists all court and agency decisions which were digested in Lawyers Weekly during the last seven months of 1991. The cases are indexed alphabetically under the court or agency which issued the ruling.

• To Locate a Digest in Lawyers Weekly using this Index.

1. Find the issue date in the third column.
2. Go to that issue.
3. Find the cumulative page in the second column.
4. Go to that page.

• To Order the Full Text of a Case from this Index.

1. Go to the fourth column from the left.
2. Take the five-digit number (ending in "91").
3. Add this number to the two-digit prefix which represents the court or agency code. (For example, all U.S. Court of Appeals decisions begin with "01.")
4. Present this seven-digit number when ordering the full text of the case from Lawyers Weekly. This is the "Lawyers Weekly No." for the decision.

What Is A 'Lawyers Weekly No.'?

The Lawyers Weekly No. is a seven-digit number which our editors assign to each case we receive from Massachusetts courts and agencies.

• The first two digits of the Lawyers Weekly No. correspond to the court or agency which issued the decision. [For example, a Lawyers Weekly No. beginning "01" is from the U.S. Court of Appeals.]

• The middle three digits relate to the number of cases received from that court or agency in the relevant calendar year. [For example, a Lawyers Weekly No. beginning with the digits "01-372" refers to the 372nd case received that year from the U.S. Court of Appeals.]

• The last two digits are the year in which the case was issued. All cases in this index have a Lawyers Weekly No. ending with the numbers "91."

How To Use This Index

Case Name Index

This index lists all court and agency decisions which were digested in Lawyers Weekly during the last seven months of 1991. The cases are indexed alphabetically under the court or agency which issued the ruling.

• To Locate a Digest in Lawyers Weekly using this Index.

1. Find the issue date in the third column.
2. Go to that issue.
3. Find the cumulative page in the second column.
4. Go to that page.

• To Order the Full Text of a Case from this Index.

1. Go to the fourth column from the left.
2. Take the five-digit number (ending in "91").
3. Add this number to the two-digit prefix which represents the court or agency code. (For example, all U.S. Court of Appeals decisions begin with "01.")
4. Present this seven-digit number when ordering the full text of the case

What Is A 'Lawyers Weekly No.'?

The Lawyers Weekly No. is a seven-digit number which our editors assign to each case we receive from Massachusetts courts and agencies.

• The first two digits of the Lawyers Weekly No. correspond to the court or agency which issued the decision. [For example, a Lawyers Weekly No. beginning "01" is from the U.S. Court of Appeals.]

• The middle three digits relate to the number of cases received from that court or agency in the relevant calendar year. [For example, a Lawyers Weekly No. beginning with the digits "01-372" refers to the 372nd case received that year from the U.S. Court of Appeals.]

• The last two digits are the year in which the case was issued. All cases in this index have a Lawyers Weekly No. ending with the numbers "91."

What Is A 'Lawyers Weekly No.'?

The Lawyers Weekly No. is a seven-digit number which our editors assign to each case we receive from Massachusetts courts and agencies.

• The first two digits of the Lawyers Weekly No. correspond to the court or agency which issued the decision. [For example, a Lawyers Weekly No. beginning "01" is from the U.S. Court of Appeals.]

• The middle three digits relate to the number of cases received from that court or agency in the relevant calendar year. [For example, a Lawyers Weekly No. beginning with the digits "01-372" refers to the 372nd case received that year from the U.S. Court of Appeals.]

• The last two digits are the year in which the case was issued. All cases in this index have a Lawyers Weekly No. ending with the numbers "91."

HELPING LAW FIRMS COMPETE

Gaston & Snow

The failure of one of the largest law firms in New England is a cautionary tale no one can ignore. A large number of skilled and intelligent people have been torn out of an ordered world and thrown upon their own resources, in many cases facing hundreds-of-thousands of dollars in personal debt. The magnitude of these disruptions is almost impossible to comprehend for anyone who isn't directly affected.

But the Gaston & Snow story has another side that is actually cheering. Many of the displaced Gaston & Snow attorneys have made productive arrangements to practice with other firms. Others have come together in twos and threes to open new firms of their own.

In talking to one of the new firms, we've been very impressed by their upbeat attitude and aggressive marketing strategies. "If this had happened 20 years ago," says one of the partners, "we'd be in terrible trouble. Because we'd have to build back slowly, with handshakes and business cards and no advertising. It would have taken seven or eight years to do the job."

"But with advertising we can get our story out there to the markets we want to attract. With advertising, we anticipate being on our feet in less than two years."

When we started writing these pieces we said we hoped they would be "a source of help for aggressive law firms who intend to do more than just survive the challenging times ahead." So, here are three suggestions that should help the Gaston & Snow alumni who are opening their own doors.

CHARLES HARDING REPORTS

1. Focus your services, focus your efforts.

Now that there are now two or three of you as opposed to two- or three-hundred, it should be much easier to offer a primary legal service. You don't have to give up good pieces of business that don't fit, but define an area you want to be known for and concentrate on developing your presence in that area.

2. Find out all about the markets you plan to sell to.

Now that you're on your own, you're in sales. And the most productive sales aid ever invented is research. Hire a professional and work with him or her to find out what's going on in the real world of your best prospects.

3. Concentrate on advertising, not public relations.

As your research shows who your markets are and what they want, you've got to project a clear, consistent message that you deliver it.

Advertising gives you the control necessary for clarity and consistency. PR is subject to too many variables. Ask anyone who's ever had his or her name misspelled in the paper.

As everybody knows, we're in the midst of a difficult economic season that is changing traditional attitudes toward advertising and marketing for law firms. Considering that there's never a "right" time, it's hard to think of a better one for starting an aggressive new enterprise.

What Is A 'Lawyers Weekly No.'?

The Lawyers Weekly No. is a seven-digit number which our editors assign to each case we receive from Massachusetts courts and agencies.

• The first two digits of the Lawyers Weekly No. correspond to the court or agency which issued the decision. [For example, a Lawyers Weekly No. beginning "01" is from the U.S. Court of Appeals.]

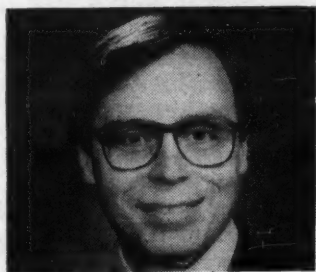

• The middle three digits relate to the number of cases received from that court or agency in the relevant calendar year. [For example, a Lawyers Weekly No. beginning with the digits "01-372" refers to the 372nd case received that year from the U.S. Court of Appeals.]

• The last two digits are the year in which the case was issued. All cases in this index have a Lawyers Weekly No. ending with the numbers "91."

How To Use This Index

News Story Index

This index lists by subject matter news stories and other features that have appeared in *Lawyers Weekly* during the last seven months of 1991. Not included are meeting notices and other dated material.

Following the story listings are columns containing the volume and number of the *Lawyers Weekly* issue the story appeared in, the cumulative page number (the citation) and the date of the issue in which the article appeared.

Articles that have appeared in special sections, such as Real Estate, and in the Trial Reports are indexed under those specific headings.

Beneath the Legislation heading are recent bills signed into law by the governor; they were originally published in a box on the News From Beacon Hill page under the heading Important Bills Signed.

How To Use This Index

News Story Index

This index lists by subject matter news stories and other features that have appeared in Lawyers Weekly during the last seven months of 1991. Not included are meeting notices and other dated material.

Following the story listings are columns containing the volume and number of the Lawyers Weekly issue the story appeared in, the cumulative page number (the citation) and the date of the issue in which the article appeared.

Articles that have appeared in special sections, such as Real Estate, and in the Trial Reports are indexed under those specific headings.

Beneath the Legislation heading are recent bills signed into law by the governor; they were originally published in a box on the News From Beacon Hill page under the heading Important Bills Signed.

Index Issue — January - June 1992

With this issue, Lawyers Weekly continues its practice of publishing a semi-annual index to the cases and news stories that have appeared in the paper.

The Index Issue is divided into three parts:

- **Case Name Index.** This index lists all court and agency decisions which were digested in Lawyers Weekly during the first six months of 1992. The cases are indexed alphabetically under the court or agency which issued the ruling.

- **Case Subject Index.** This index also lists all decisions which were summarized in Lawyers Weekly during the first six

months of 1992. However, here the cases are listed by specific subject matter under more general subject categories.

- **News Story Index.** This index covers the news stories and features (except meeting notices and other dated material) which appeared in Lawyers Weekly during the first half of 1992. The stories and features are listed by title under the section of the paper in which they were originally published. Included in this section are newly enacted laws that were originally published under the heading "Important Bills Signed." Also listed here are Trial Reports, which contain infor-

mation about cases provided by attorneys involved.

All three parts of the semi-annual index contain references to the date of the issue in which the case or story appeared and cumulative page (citation) on which the item appeared.

Space considerations make it impossible to include in this index all information contained in Lawyers Weekly during the last six months. Therefore, it is hoped that readers will continue to consult the paper each week in order to remain fully informed.

What Courts Are Covered?

Case Name Index

This index lists all court and agency decisions which were digested in Lawyers Weekly during the first six months of 1992. The cases are indexed alphabetically under the court or agency which issued the ruling.

• To Locate a Digest in Lawyers Weekly using this Index:

1. Find the issue date in the third column.
2. Go to that issue.
3. Find the cumulative page in the second column.
4. Go to that page.

• To Order the Full Text of a Case from this Index:

1. Go to the fourth column from the left.
2. Take the five-digit number (ending in "92" or "91").
3. Add this number to the two-digit prefix which represents the court or agency code. (For example, all U.S. Court of Appeals decisions begin with "01.")
4. Present this seven-digit number when ordering the full text of the case from Lawyers Weekly. This is the "Lawyers Weekly No." for the decision.

What is a

'Lawyers Weekly No.'?

The Lawyers Weekly No. is a seven-digit number which our editors assign to each case we receive from Massachusetts courts and agencies.

- The first two digits of the Lawyers Weekly No. correspond to the court or agency which issued the decision. (For example, a Lawyers Weekly No. beginning "01" is from the U.S. Court of Appeals.)

- The middle three digits relate to the number of cases received from that court or agency in the relevant calendar year. (For example, a Lawyers Weekly No. beginning with the digits "01-372" refers to the 372nd case received that year from the U.S. Court of Appeals.)

- The last two digits are the year in which the case was issued. Most cases in this index have a Lawyers Weekly No. ending with the number "92." However, a few cases which were issued in late 1991 and not published in Lawyers Weekly until 1992 end in "91."

Case Name Index

This index lists all court and agency decisions which were digested in Lawyers Weekly during the first six months of 1992. The cases are indexed alphabetically under the court or agency which issued the ruling.

• To Locate a Digest in Lawyers Weekly using this Index:

1. Find the issue date in the third column.
2. Go to that issue.
3. Find the cumulative page in the second column.
4. Go to that page.

• To Order the Full Text of a Case from this Index:

1. Go to the fourth column from the left.
2. Take the five-digit number (ending in "92" or "91").
3. Add this number to the two-digit prefix which represents the court or agency code. (For example, all U.S. Court of Appeals decisions begin with "01.")
4. Present this seven-digit number when ordering the full text of the case from Lawyers Weekly. This is the "Lawyers Weekly No." for the decision.

BLANKRUPTER®

BLUMBERG'S BANKRUPTCY SOFTWARE

Over 50 Years of Bankruptcy Forms Experience
30-day Money Back Guarantee

Excelsior-Legal, Inc.™

62 White St., NY, NY 10013

Our new Chapter 7, 11, and 13 software uses the full graphic and font capabilities of your HP laser or compatible printer to print professional-looking, filled-in bankruptcy forms on plain paper.

The new Blankrupter:

- Allows significant savings in handling, copying and mailing with professional-looking documents in many fewer pages
- Distinguishes variable data from boilerplate
- Transfers redundant data (captions, names, addresses, account numbers) to other forms - enter data only once
- Automatically completes the Summary of Schedules
- Checks the "none" box if you do not complete a schedule or answer a question on the Statement of Affairs

- Prepares the list of creditors (matrix in alphabetical order) from the Schedules in any of six formats
- Calculates subtotals and totals; subtotals are carried forward to additional pages as necessary
- Saves information in a database for later review or printing
- Prints completed forms individually or in a batch

The cost of the Blankrupter, Cat. No. 3002, for Chapters 7, 11 and 13* is only \$400. For more information or to place an order call Bernice Williams at (800) 221-2972 or (212) 431-5000, ext. 565.

*Creates all Official Forms and the following forms for which no official form is promulgated: Chapter 13 Plan, Statement of Compensation, Clerk's Notice and Matrix. The software does not create a Chapter 11 Plan, which is case-specific and best drafted individually.

Look Behind the Scenes

Would you buy a marketing program from any agency before checking out their ATTORNEY REFERENCES?

...We didn't think so.

Here are some of ours...

"R. W. Lynch has provided me with a very affordable and cost effective way to compete."

Bruce R. Taub
Attorney at Law
Boston, MA

"In a time where so many firms are abused by so called cooperative advertising companies in competition with R. W. Lynch... Lynch has made me money, always delivers, and is a company of high ethical standards. When I decided to change areas from Business & Criminal to Injury Litigation, I never imagined I would be able to do so in only one year. Without R. W. Lynch, I would not have the privilege of selecting my own cases as I now can."

Nick Kaltsas
Kaltsas & Associates
Worcester, MA

"In the four years I have been using the Injury Helpline my practice has dramatically increased....I would recommend it to anyone."

Ed Howard
Bonville & Howard
Fitchburg, MA

Let the nation's number one television marketer for attorneys show you what participating attorneys know the "Injury Helpline" works.

Do you know who your Medical Illustrator is?

At Pengraphics you do.

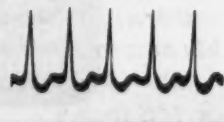

E. Penny Pounder, Ed. M., A.M.I., is a certified medical illustrator, having graduated from the University of Illinois Medical Center in 1980. She earned a Masters of Education from B.U. in 1986, with emphasis in visual communication and video. In 1982 she founded Pengraphics, specializing in medical/legal illustration and now has over 10 years of experience. *That experience means more qualified illustrations and service for you.*

At Pengraphics...

- Unlike other visual services, you consult *directly* with the medical illustrator; there is *no* middleman to add extra-costs.
- Niels K. Rathlev, MD, FACEP, is on staff as consulting physician.
- We'll help make your case with the visuals you need: custom illustrations for specific injuries, normal anatomy, x-rays with color overlays, settlement brochures, videos and computer animation.

News Story Index

This index lists by subject matter news stories and other features that have appeared in Lawyers Weekly during the first six months of 1992. Not included are meeting notices and other dated material.

Following the story listings are columns containing the volume and number of the Lawyers Weekly issue the story appeared in, the cumulative page number (the citation) and the date of the issue in which the article appeared.

Articles that have appeared in special sections, such as Real Estate, and in the Trial Reports are indexed under those specific headings.

Beneath the Legislation heading are recent bills signed into law by the governor; they were originally published in a box on the News From Beacon Hill page under the heading Important Bills Signed.
